Meetings and Subjects Time Table

Week	Topic	Learning Method*	Task	Learning Material
1	Vision and Mission of Faculty of Pharmacy Course Syllabus Introduction	Lecture		Provided in the Learning Resources table
2	Introduction, general community pharmacy: Community pharmacy performance when dealing with patients' signs and symptoms, Clinical reasoning, Consultation and communication skills	Lecture		
3				
4	Respiratory system: Symptom, diagnosis, treatment case study: Cough, Common cold, Sore throat, and Rhinitis	Lecture	Case study	
5		Problem solving based learning		
6				
7	Ear condition: Symptom, diagnosis, treatment case study: Ear wax impaction and Otitis externa.	Lecture Problem solving based learning	Case study	
8	The central nervous system: Symptom, diagnosis, treatment case study: Headache, Insomnia, Nausea and vomiting.	Lecture	Case study	
9		Problem solving based learning		
10				
11	Women's health:	Lecture	Case study	
12	- Emergency contraception	Problem solving based learning		
13	- Symptom, diagnosis, treatment case study:			
14	Cystitis, primary dysmenorrhea, vaginal discharge, premenstrual syndrome and heavy menstrual bleeding			
15				
16	Final Exam			

*Includes: lecture, flipped Class, project based learning, problem solving based learning, collaboration learning.

Course Contributing to Learner Skill Development

Using Technology
<ul style="list-style-type: none"> Using powerpoint or any relevant program for preparing presentations
Communication Skills
<ul style="list-style-type: none"> Interaction in class while solving a case-study
Application of Concept Learnt
<ul style="list-style-type: none"> Apply the knowledge obtained from this course to state how to arrive at a differential diagnosis and to communicate effectively with patients.

Assessment Methods and Grade Distribution

Assessment Methods	Grade	Assessment Time (Week No.)	Course Outcomes to be Assessed
Mid Term Exam	30%	11 th Week	K1, K2, S1, S2
Term Works*	30%	Continous	K1, K2, S1, S2
Final Exam	40%	16 th Week	K1, K2, S1, S2
Total	100%		

* Include: quizzes, in-class and out of class assignment, presentations, reports, videotaped assignment, group or individual project.

Alignment of Course Outcomes with Learning and Assessment Methods

Number	Learning Outcomes	Corresponding Competencies	Learning Method*	Assessment Method**
Knowledge				
K1	Know the responsibilities of community pharmacist and his relationship with the other health care professionals (physician, nurse, ...).	C2, C4	Lectures Collaboration learning	Subjective quiz Exam/Objective questions
K2	To be able to recognize signs and symptoms, and use an evidence-based approach to treatment.	C3	Lectures Collaboration learning	Subjective quiz Exam/Objective questions
Skills				
S1	Arriving to differential diagnosis in order to treat the patient with suitable OTC drugs; or make referral for the physician when needed.	C7	Lecture Problem solving based learning	Case Study Subjective quiz Exam/Objective questions
S2	Take the responsibility of patient education about the disease to be treated and medication used (like adverse drug reaction, special patient group, drug-drug interaction, drug food interaction, use for paediatrics and toxicity).	C7	Lecture Problem solving based learning	Case Study Subjective quiz Exam/Objective questions

*Include: lecture, flipped class, project based learning, problem solving based learning, collaboration learning.

** Include: quizzes, in-class and out of class assignments, presentations, reports, videotaped assignments, group or individual projects.

Course Polices

Policy	Policy Requirements
Passing Grade	The minimum pass for the course is (50%) and the minimum final mark is (35%).
Missing Exams	<ul style="list-style-type: none"> • Anyone absent from a declared semester exam without a sick or compulsive excuse accepted by the dean of the college that proposes the course, a zero mark shall be placed on that exam and calculated in his final mark. • Anyone absent from a declared semester exam with a sick or compulsive excuse accepted by the dean of the college that proposes the course must submit proof of his excuse within a week from the date of the excuse's disappearance, and in this case, the subject teacher must hold a compensation exam for the student. • Anyone absent from a final exam with a sick excuse or a compulsive excuse accepted by the dean of the college that proposes the material must submit proof of his excuse within three days from the date of holding that exam.
Attendance	The student is not allowed to be absent more than (15%) of the total hours prescribed for the course, which equates to six lecture days (n t) and seven lectures (days). If the student misses more than (15%) of the total hours prescribed for the course without a satisfactory or compulsive excuse accepted by the dean of the faculty, he is prohibited from taking the final exam and his result in that subject is considered (zero), but if the absence is due to illness or a compulsive excuse accepted by the dean of the college that The article is introduced, it is considered withdrawn from that article, and the provisions of withdrawal shall apply to it.
Academic Integrity	Philadelphia University pays special attention to the issue of academic integrity, and the penalties stipulated in the university's instructions are applied to those who are proven to have committed an act that violates academic integrity, such as cheating, plagiarism (academic theft), collusion, intellectual property rights.
