	<b>Description</b>	1 videodisc (10 min.) : sd., col. ; 4 3/4 in.
	<b>Subject Area</b>	Medical sciences
	<b>Abstract</b>	The purpose of this inservice is to review two basic infection control practices that you should use while caring for residents. They include handwashing and glove usage. Additionally, we will review how infections are spread. We will do this by describing the three links in the chain of infection.
