ECG interpretation [videorecording] : foundation

	Author	
	Responsibility Data	by Lisa Lorenzo ; HSTN, Health and Sciences Television Network ; Premedia Healthcare
	Publication Data	Carrollton, TX : Trinity Healthforce Learning , 2007
	Series Data	Nurse's station;
	Description	1 videodisc (30 min.) : sd., col. ; 4 3/4 in.
	Subject Area	Medical sciences
	Abstract	This program provides a foundation for electrocardiogram (ECG) interpretation, including information on electrode lead placement. Experts explain the physiology of the heart's conduction system and how to correlate that information to the waveforms captured on the ECG.
	Subject Headings	Electrocardiography
	Call Number	616.120754 ECG
