ELECTRONIC MATERIALS SCIENCE: For Integrated Circuits in Si and GaAs

	Author	Mayer, James W. Lau, S.S.
	Publication Data	New York: Macmillan, 1988
	Physical Description	476p
	Notes	Includes bibliographies and index
	Subject Area	Engineering
	Subject Headings	Transistor circuits--Design and construction Transistor circuits--Materials Integrated circuits--Design and construction
	Call Number	621.38171 MAY
Philadelphia University Library 2011
