Artificial-intelligence-based electrical machines and drives: application of fuzzy, neural, fuzzy-neural, and genetic-algorithm-based techniques

	Author	Vas, Peter (Author)
	Responsibility Data	Peter Vas
	Publication Data	Oxford: Oxford University Press, 1999
	Physical Description	xxviii, 625 p.
	Series Data	Monographs in electrical and electronic engineering; 45
	ISBN	0-19-859397-X
	Subject Area	Engineering
	Subject Headings	Electric driving -- Automatic control Electric motors -- Automatic control Artificial intelligence
	Call Number	621.46 VAS
