Efficient use of energy

	Author	Ford,K.W.
	Corporate	,American physical society
	Publication Data	N.Y: AIP, 1975
	Physical Description	3 Vol in 1
	Series Data	AIP Conference proceedings; 20;
	Notes	Contents: vol.1: a physics perspective; Vol.2: The rule of physics in combustion; Vol.3: energy conservation & window...
	Subject Area	Engineering
	Subject Headings	Energy conservation Energy industries Power resources--Research Combustion Automobiles--Motors--Combustion
	Call Number	621.042 MEE
	Philadelphia University Library 2011
