Simulation and control of electrical power stations

	Author	Knowles, J.B.
	Publication Data	New York: John Wiley & Sons, 1990
	Physical Description	350p
	Series Data	Engineering systems modelling and control series; 1;
	Notes	Includes bibliographies and index
	Subject Area	Engineering
	Subject Headings	Electric power--plants--Computer simulation Electric power systems--Control Steam-boilers--Computer simulation
	Call Number	621.3121 KNO
