Outcome (D1) is evaluated by written exams for particular modules and the rest for the efficiency in using information technology and research papers. 2. Outcome (D2) is an evaluated by written exam, oral discussions, and library assignments. 3. Outcome (D3) is assessed through the contribution of student to group activities and discussions, research papers, assignments, debates, and written exams. 4. Outcome (D4, D5and D6) evaluation of these learning outcomes is based on research paper, assignments, oral assessment and measuring the students' methodology to use modern sources and scientific methodology in documentation and gathering information.

3. THE STRUCTURE OF THE PROGRAM

The College applies the American Course System which is based on the credit units. Students should complete 44 modules for the bachelor's degree (22 modules for the diploma), each with 3 credit hours (Total of 132 credit hours for the bachelor's degree and 22 modules for the diploma).

4. CURRICULUM PROGRESSION: INTENDED LEARNING OUTCOMES FOR EACH YEAR

Outlined later in this *Handbook of Curriculum Design*.

5. STUDENT INDUCTION, SUPPORT AND DEVELOPMENT (in order to deliver the year learning outcomes)

Student induction, support and development are well-developed aspects with a framework, which provides support to the students throughout their program. The key mechanisms include the following:

- Induction procedures for new students at admission with access to senior members of staff. Induction for returning students is also implemented as it is beneficial in specifying the progressive nature of the learning experience, for example, higher order skills and independent learning. In both cases, many meetings are held between the Dean and the students and the Head of Department with the students.
- Provision of Academic tutor for each student
- Provision of good physical and learning resources including internet, library, and up to date electronic educational media, e.g. Email and web based material.
- Provision of good social facilities, e.g. internet cafes, sport spaces, cafeterias, etc.
- Provision of Self Study Facilities:
 - The Electronic Library
 - The College Web page that provides students with all relevant information such as:
 - Undergraduate Handbook
 - Program Specifications
 - Lectures and course notes.
 - Past Exams, tutorials, and assignments.
 - Distance learning has been implemented through agreement with Yarmouk University which provided the College with video-conferencing facilities.
 - Careers Advisory Service to provide information for students and graduates of the College.
 - Student's opinion on the quality of the teaching is considered by completing a Module Evaluation Questionnaire for each module in each semester.
 - Students' Memberships of various committees can add a voice in resource allocation and other matters.
 - Drop-In centre is utilized to enhance students' performance in some courses.
 - Student Financial Aid is provided in two mechanisms: the first mechanism is through the Student work program. The second mechanism is through special Discount Scholarships provided by the College to students based on various criteria.
 - Free books & medical insurance.
