2019 IEEE Jordan International Joint Conference on Electrical Engineering and Information Technology (JEEIT)
9 - 11 April 2019, Amman, Jordan
http://jeeit.net/

JEEIT 2019 is the joint, merged conference that IEEE – Jordan Section, Jordan Engineers Association, and Al-Zaytoonah University of Jordan organize. JEEIT 2019 merges the following three conferences in one big conference with one organizing committee, one program, and one proceedings.

2. The 11th Jordanian International Electrical and Electronic Engineering Conference (JIEEEC 2019)
3. The 9th International Conference on Information Technology (ICTIT 2019)

This IEEE-listed conference provides a unique forum to discuss practical approaches and state of the art findings pertinent to applied electrical engineering and information technology. JEEIT 2019 program includes keynote addresses, panel discussions, paper presentations, exhibitions, and tutorial workshops. All papers will be peer reviewed by at least three reviewers based on full paper submission. Accepted papers will be published in the conference proceedings, and the presented papers will also be submitted to the IEEE Xplore Digital Library and indexed in SCOPUS. Authors of selected papers will also be invited to prepare extended papers of their work for publication in specialized journals.

Steering Committee
Turki I. Obaidat, Chair, Al-Zaytoonah Univ. of Jordan (ZUJ)
Ghheet G. Abandah, IEEE – Jordan Section
Ahmad A. Hiasat, PSUT
Malek F. Amaryeh, Jordan Engineers Association (JEA)
Abdel fattah A. Tamimi, ZUJ

Organizing Committee
Ghheet A. Abandah, JEEIT 2019 General Chair, The University of Jordan (UJ)
Mohammad A. Alka, JEEIT 2019 VC, ICIT 2019 Chair, ZUJ
Rosni Abdullah, ICT 2019 Co-chair, Universiti Sains Malaysia
Taisir H. Alghanim, JEEC 2019 Chair, Zarqa University
Ghazy M. Alsukkar, AEECT 2019 Chair, UJ
Iyad F. Jafar, Technical Program Chair, UI
Abed S. Al-Zaben, Biomedical Eng.
Track Chair, Yarmouk University
Abd El F. Khalifeh, Computer Networks
Track Chair, German Jordanian Univ.
Yousef M. Jaradat, Computer Engineering
Track Chair, ZUJ
Khalid M. Jaber, Publications Chair, ZUJ
Sokyna M. Alqatameh, Publicity
Chair, ZUJ
Ahmad A. Althunibat, Technical
Program Co-chair, ZUJ
Moussa H. Abdallah, Keynote
Speakers Chair, JEA
Hani H. Ghanem, Exhibitions Chair, F.
A. Kettaneh
Rana A. Ramadan, Tutorials Chair,
AL-Ahliyya Amman University
Basil A. Omari, Sponsoring and PR Chair, Umniia
Sawsan Qtashtat, Conference Coordinator, JEA

Paper submission is invited to the following thirteen JEEIT 2019 tracks:

- **Power Systems and Drives:** Power systems protection • Operation and planning • Stability and control • Transmission and distribution systems • Quality and reliability • High voltage systems • Electrical machines and transformers • Power electronics and drives • Distributed generation

- **Renewable Energy:** Photovoltaic and solar energy systems • Wind energy • Hydrogen energy and fuel cell technology applications • Hybrid energy systems • Grid stability at high RE penetration • Smart grids • Electrical vehicles, grid to vehicle and vehicle to grid • Energy storage • Waste to energy • Financing renewable energy

- **Communications:** Security in communication systems • Green communications • QoS, reliability, and modelling • Next-generation communication systems • Optical communications • Signal processing in communications • Wireless communications

- **Nano-technology and Electronics:** Advanced and smart nanomaterials • Nanomaterials for energy and environment • Nanomaterials in drug delivery and diseases treatment • Nano fabrication and Nano systems • Microelectronics Systems • Electronic Materials • Design and implementation of ASIC, SoC, and VLSI

- **Computer Engineering:** Computer architecture • Embedded systems • Digital circuits applications • Parallel and high performance processing • Performance evaluation and modeling • Storage systems • GPUs, multicore processors, and hardware accelerators

- **Computer Networks:** Wireless sensor and ad-hoc networks • Wireless networks • Internet of Things • Software defined networks • Content delivery networks • Multimedia transmission systems • Quality of service • Network coding • Network management • Performance evaluation • Media access control protocols

- **Control, Robotics, and Mechatronics:** Control methods and systems • Automation and Instrumentation • Modelling and simulation • Mechatronic system design • System identification • Robotics • Manufacturing systems • Unmanned vehicles • Navigation, mapping and localization

- **Biomedical Engineering:** Biomedical signal and image processing • Biomedical instrumentation • Biomedical systems modeling • Medical informatics • Biomechanics, artificial organs and prosthesis • Biomatierials and tissue engineering • Biomedical imaging

- **Data Science:** Big data • Deep data • Cyber infrastructure and information security • Bioinformatics • Data analysis and data mining • Data wrangling • Data science management

- **Intelligent Systems:** Machine vision • Machine learning • Deep and reinforcement learning • Human computer interactions • Natural language processing

- **Information Technology Trends:** Software engineering and quality • Information systems • Algorithms • High performance computing • Distributed systems • Quantum computing • Cloud computing

- **E-Technologies:** E-Business • E-Learning • E-Government • Digital marketing • Smart cities • Mobile applications

- **Mathematical Modeling and Analysis:** Operation research • Risk management • Statistical process and analysis • Computer graphics and differential equations • Applied problems and methods in research and education • Mathematical modeling in computing and optimization • Computational methods and combinatorics

### Important Dates
