Course Description

English Skills 103 is an advanced course that aims at improving student's ability and accuracy in the use of professional English. The course adopts both theoretical and practical methods. It focuses mainly on developing students' verbal skills such as listening, speaking, critical thinking and video watching and nonverbal skills such as writing and vocabulary through an integrated approach. It also aims at providing students with tools to be effective communicators in English.

Students practice job interviews, role plays and storytelling as well as writing resumes, essays, and cover letters. These objectives are achieved by encouraging teamwork, teaching critical thinking skills and engaging students into discussions and debates.

General Outcomes:

1. Introducing the fundamentals of effective communication skills in a variety of contexts, including an individual's credibility, confidence, proper outfit as well as student's ability to listen to others.
2. Listening effectively, persuading others, asking questions and developing proper dialogues.
3. Dealing with positive and negative situations in a professional manner and with social intelligence.
4. Emphasizing the importance of developing proper professional and personal relationships.
5. Preparing well-designed professional presentations.
6. Preparing resumes in Arabic and English in a professional manner.
7. Making a positive impression during personal and professional interviews.
8. Working in a team at workplace efficiently and effectively.
9. Negotiating and dealing with others professionally.
10. Mastering powerful self-promotion in professional situations and being able to search for appropriate job opportunities, show impressive interview skills and produce well-written resumes.

Custom Out comes:

1. Understanding and analyzing various types of passages and finding the meaning of the words from context
2. Write well organized resumes, cover letters, argumentative and descriptive essays and formal emails
3. Understand and analyze different pictures, and interviews.
4. Develop students' own critical thinking skills
5. Express oneself fluently and accurately in job interviews and business presentations.
7. Use idioms and different expressions correctly.
8. students become more interested and engaged in activities, more active, motivated and confident in their communicative language competence by using videos
