

## The Pharmaceutical Professional Field Training Program "Training" at Faculty of Pharmacy – Philadelphia University

Starting August 2005, the faculty of Pharmacy adopted a new "Training" by which canceling all types of current Pharmaceutical training programs.

Faculty of Pharmacy and Philadelphia University are focusing towards excellence. We at faculty of Pharmacy have designed an updated, modern "Training" to be flexible, easy to implement and to match continuous developments and changes taking place in the Pharmaceutical Profession and to meet the demand of a quality health care supposed to be provided by the Pharmacist.

The "Training" has been built up with the assistance of the Pharmacy students of different academic levels.

The "Training" is made flexible to fit, match and meet:

1. Different academic levels of students, as well as their residency either in Jordan or abroad.
2. Improvement and elevation of the human behavior and professional morals of the Pharmacy students.
3. Brain Storming Sessions (B.S.S.) teaching system, improvement of the team spirit and utilizing I.T. applications.

The " Training " is divided into three divisions:

1. The Primary.
2. The Semi-Expert.
3. The Expert.

The "Training" is made to reduce the Trainee dependence on the Trainer, to enforce and implement the trust and interaction between the trainee, the trainer and the faculty of Pharmacy at Philadelphia University.

Various materials are supporting the "Training" as follows:

1. Plan of action for each "Training" division.
2. Proper guide to help in avoiding embarrassing situations in the training sites.
3. The trainer is actively participated in the process of evaluating the trainee attendance and professional improvement.
4. Participation of professionals in open periodical days to meet the trainees, other students and staff of the faculty of Pharmacy.
5. Holding a Pass / Fail examination at the end of every training division.

The marks of the "Training" examinations (each division) are calculated as follows:

- 35%      Allocated by the trainer.
  - 35%      Allocated for the attendance, participation and roll-plays ...etc. in the BSS.
  - 30%      Allocated for the examination.
- 
- 100%      Total.

Students will not be able to step up to the next level of "Training" without passing the examination of the previous one. Also students will not be graduated without passing the three examinations of the "Training".
