

Philadelphia University
Faculty of Engineering

Curriculum Vitae

Name: Mohammad Abu-Naser

Date of Birth: 10/4/1977

Occupation: Assistant Professor

E-Mail: mnaser@philadelphia.edu.jo

Specialization: Electrical Engineering (System Modeling and Identification)

Qualifications:

Degree	Specialization	Name of Institute	Date
Ph.D.	Electrical Engineering	Illinois Institute of Technology	2009
M.Sc.	Electrical Engineering	Illinois Institute of Technology	2003
B.Sc.	Electrical Engineering	University of Jordan	2001

Professional Experience:

From - To	Job Title	Place	Work
2014-Present	Assistant Professor	Philadelphia University	Teaching electrical engineering courses and supervising students' graduation projects.
2010-2013	Postdoctoral Scholar	University of California, Merced	Analyzed environmental signals reflecting effects of pollutants.
2010	Senior Research Associate	Illinois Institute of Technology	Leading research in biomedical system identification and supervising graduate students research.
2001-2009	Research/Teaching Assistant	Illinois Institute of Technology	Research in biomedical and communication system identification. TA for graduate and undergraduate electrical engineering courses.

Teaching Experience:

Course Name	No. of Semesters	Course Name	No. of Semesters
Electric Circuits (1)	2	Electrical Machines (1)	6
Electromagnetics (1)	2	Fundamentals of Engineering	2
Power Systems (1)	3	Instrumentation and Measurement	7
Power Systems (2)	2		

Publications & Awards:

Books	Papers	Awards	Patents	Others (specify)
	7	2		Presentation of research abstracts in several technical meetings.

Signature: Mohammad Abu-Naser
