Nationality:

Jordanian

Languages

Arabic (native language)

English

Skill Highlights

- Experience working in quality assurance at the faculty and university levels
- Teaching and clinical experience
- Community work
- Computer microsoft ,SPSS
- Team Working

Summary

- I have a Ph.D. in Clinical Nutrition and Dietetics; thesis title is ""the effect of high versus normal fat diet on the activity of GLP-1 agonist (liraglutide) as determined by GLP-1 and 5' AMPK levels in the hypothalamus of C57BL/6 mouse"". I'm mainly specializing in studying the clinical diets in humans and animals and the effects of drugs on these diets. I am interested in neuroscience, obesity, and nutrition. Other interests include maternal health, community nutrition, and food – medications interactions. I am experienced in teaching fundamental nutrition, diet therapy, diet planning, clinical pharmacy, community pharmacy, pathophysiology, and other courses.

Career/Academic Appointments:

- **Head of Clinical Nutrition and Dietetics Department**
4/9/2022 to present
- **Assistant professor, clinical nutrition and dietetics , school of Allied medical sciences, Philadelphia university**
11/2021 to present.
- **Lecturer, school of pharmacy, Philadelphia University**
3/2016 to 11/2021
- **Lab supervisor, school of pharmacy, Philadelphia University**
11/2013- 3/2016
- **Pharmacist, Clinical Pharmacist, responsible of GCI in the pharmacy department (develop and improve polices) and the coordinator of pharmacy therapeutic and technology committee at Luzmila Hospital**
8/2012- 11/2013
- **A clinical research associate (CRA) at global idea for pharmaceutical services**
- **Part time lecturer at the faculty of pharmacy, Jordan University, and training pharm.D students in out patient clinics at JUH.**
- **Part time lecturer at Arab community college (pharmacology3,toxicology, pharmaceutics)**
- **Part time lecturer at al-Balqa applied university**
6/2010- 8/2012

Others:

- **Chairman of the Quality Control Committee- Faculty of Allied medical sciences**
- **Developing an allergy form to be used in patients' medical files at luzmila hospital.**
- **Developing a medication reconciliation policy at luzmila hospital.**
- **Working on two studies during 3 months at GIPS.**
- **Training at university Hospital for two years while I was studying master and preparing masters thesis**
- **Training at JUH and many Pharmacies for (1440) hours while I was studying in the university**

Taught courses

Theoretical courses	Practical courses
Medical nutrition intervention (1) - Diet therapy	Medical nutrition intervention (1)/ practical
Medical nutrition intervention (2) - Diet therapy	Medical nutrition intervention (2)/ practical
Fundamental in nutrition	
Diet planning	Diet planning/ practical
Pharmaceutical nutrition for PhD students at JU	
Human metabolism/nutrition	
Pharmaceutical biochemistry	
Pathophysiology	
Physiology 1	
Physiology 2	
Clinical pharmacy and therapeutics (1)	Clinical pharmacy and therapeutics (1)/ practical
Clinical pharmacy and therapeutics (2)	Clinical pharmacy and therapeutics (2)/ practical Clinical pharmacy and therapeutics (3)/ practical /JU
Toxicology	
Community pharmacy	
Special topics in pharmacy (clinical nutrition)	
Pharmaceutical legislations and ethics	
Pharmacology 3/ community collage	Pharmacology lab
Pharmaceutic (2)/ community collage	Pharmaceutic (2)/ practical
	Training courses at Jordan university hospital for PhD students at JU

Education

PH.D. in Clinical Nutrition And Dietetics (Clinical Nutrition and Medications) School of agriculture/
The University Of Jordan

Ms.D in Clinical Pharmacy, From School Of Pharmacy/ The University Of Jordan,

BC.s. in Pharmacy, From School of Pharmacy/ The University Of Jordan,

Scientific Papers

1. Nour Batarseh , Yazan Al Thaher (2023). High-fat diet and related obesity provoke neurotoxins and alter neuro-biomarkers involved in Parkinson's disease, obesity medicine, <https://doi.org/10.1016/j.obmed.2023.100500>
2. Batarseh, N., Khalil, R., & Al-Domi, H. A. (2022). Hypothalamic neuroinflammation induced by obesity and the effect of Liraglutide . Journal Of Advanced Pharmacy Education And Research, 12(1), 46-55. <https://doi.org/10.51847/N1hvOB1anS>

4. Al-Domi H, Al-Dalaeen A, Al-Rosan S, Batarseh N, Nawaiseh H. Healthy nutritional behavior during COVID-19 lockdown: A cross-sectional study. Clin Nutr ESPEN. 2021;42:132-137. doi:10.1016/j.clnesp.2021.02.003.

Conferences, Workshops:

Speaker

- متحدث في المؤتمر العلمي المستوى الأول بعنوان: "المكملات الغذائية وصحة المستهلك"
June,2023 ،"Dietary Supplements and Customer Health"
عنوان المحاضرة: Dietary supplementation: Updates in the management of neuro-degenerative diseases
- متحدث في اليوم العلمي الرابع لجمعية أخصائي التغذية العلاجية الأردنية، November,2022
عنوان المحاضرة: Hypothalamic neuroinflammation induced by obesity and the effect of Liraglutide
- متحدث في nutritional health and food science webinar February, 2022
عنوان المحاضرة: The effect of high versus normal fat diet on AMPK levels in the hypothalamus of C57BL/6 mouse

Attendance:

1. 2nd Edition of the Middle Eastern Alliance for Parenteral and Enteral Nutrition Congress (MEAPEN) happening on May 20-21, 2023
 2. Different webinars due to COVID-19 pandemic from 2020-2022
 3. Biosimilars Summit: Therapeutic Utility And Globalization Challenges, 19/12/2020, IVBN
 4. Pharmacy Evolution: Professional Generation In Action, 20/2/2021, IVBN
 5. Awareness Session For Pharmacovigilance, 27/3/2021, Jordan Pharmacists Association
 6. The School Of Pharmacy 2021 confernace, 7-8/4/2021, The University Of Jordan
 7. Internationalization Of Formal Curriculum, 16/2/2021, MED2IaH, France
 8. Global Skills Development In A Local Context, 23/2/2021, MED2IaH, France
 9. Pharmacy Education And Board Certification: Driving Practice Change, 7/11/2020, IVBN
 10. 3th Annual Saudi International Vaccination Form, 9-11/3/2021, Public Health Author KSA
 11. Parenteral Nutrition: Clinical And Practical Considerations, 2/12/2020, IVBN
 12. Pharmacy Scientific Day, COVID-19 /Corona Virus Multidimensional Updates,5/2021, PU
-

Wards:

- Participation approval to attend the 2nd Nutrition Research Designs and Methods Workshop, Jordan Innovation Nutrition Lab, USAID. Jan-Feb, 2023
